## EXPERIENCE

### Boomer Naturals

**Senior Full-Stack Developer** | Sept 2020 - Present

- Leading a cross-functional team responsible for the full software development life cycle, from conception to deployment to create and continually evolve the feature-set of SPA's and other in-house software.
- Using Gatsby and Shopify's GraphQL API I was able to reduce page load by magnitudes, increasing time viewed by > 400%, conversions by > 250% as well as reducing hosting costs by > 95%.
- Maintained, installed, and consulted with other 3rd party business software solutions necessary to operation creating necessary endpoints and working in conjunction with other developers.
- Triaging and fixing any top issues elevated on projects in multiple GitHub repositories as well as handling code review for any pull requests to ensure high code quality & future maintainability.

### LVSS Consulting Corporation

**Full-Stack Developer** | June 2014 - Aug 2020

- Managed the incorporation of e-commerce which has seen revenue surpass \$1 million/yr.
- Designed, developed, and deployed responsive & functional web applications and features.
- Integrate 3rd party API and release API features to our own consumers.

### IpserLab

**Full-Stack Developer** | Aug 2019 - Aug 2020

- Development of startup ideas using the latest technology creating minimal viable products to test.
- Led and focused on mobile application development as well as a few SPA tools for marketing use.
